Introducing one of the most unique high-quality detailing towels ever produced – The PLATINUM PLUFFLE, exclusively by The Rag Company. It's half-plush / half-waffle construction, also known as Hybrid Weave, creates an ultra-wicking action unlike any towel we have ever tested against (including our competitor's highest-quality plush and waffle-weave towels).

Silky soft premium plush Korean 70/30 blend fibres separated by waffle divots create a level of absorbency previously only imagined. Add TRC's exclusive world-class ButterSoft™ 70/30 Suede border and the PLATINUM PLUFFLE is truly in a league of its own. PLATINUM PLUFFLE – the newest addition to The Rag Company's signature lineup of super plush microfibre (aka microfiber) towels and the #1 selling choice of numerous Automobile Manufacturers, Collector Car Clubs, Professional Restorers, and Detailers everywhere!

Additional Product Details

-
- Designed to dry all vehicle surfaces faster, more thoroughly and more gently than conventional towels
 - The medium nap allows you to use confidently with all quality detailing sprays, waxes, and polishes – your final buff never looked so good!
 - Quickly wicks away moisture, safely drawing it away from the surface into the fibers of the towel
 - Extra soft and absorbent / quick drying between uses
 - Suggested uses: wax, compound, sealant, glaze, and polish removal; waterless wash, instant detailer, spray waxes, buffing; final buff / touch-up; drying touch-up (small area)
 - Lint-free / non-abrasive
 - No tags = no scratches
 - Made with the highest quality Korean microfibre preferred by auto enthusiasts. (don't be fooled by cheap imitations from elsewhere with lower weights that most of our competitors offer as "high quality" – proven over and over that they just can't compare)
 - Meets and exceeds the toughest detailer standards
 - Extremely durable – ability to withstand hundreds of washings getting softer each time
 - Manufactured in South Korea on the highest quality German microfibre production equipment (Karl Mayer)

Tips - The best way to care for your microfibre towels
